TO: Commissioners

FROM: Theresa Lee  
Director, Center for Quality Measurement and Reporting

DATE: December 9, 2020

RE: Agenda Item 8 – Review of the *Healthcare Quality Reports* Development Site

The staff continues to redesign of our *Quality Reports* consumer website to establish full integration of our provider performance reporting requirements. The website will provide useful information to consumers on the performance of hospitals, long term care facilities, outpatient surgery providers and health plans. As we near completion of the web development phase of the project, the staff would like to get your feedback while there is still opportunity to make changes. The development site will be open for your review for a 48-hour period from Wednesday, December 16<sup>th</sup> at 1:00pm to December 18<sup>th</sup> at 1:00pm. Ben Steffen will forward the access information to you via email.

Courtney Carta, Chief, Hospital Quality Initiatives will lead a review of the format and functionality of the site and the Quality team will be available to answer any questions you may have. The team looks forward to updating you on this evolving initiative. Please let me know if you have questions or concerns.
